As a reminder, we have scheduled Price Book #11 to be effective June 1, 2025. The new Price Book is on the ACSI web site. This was a scheduled price increase and in no way is related to any tariff issue. Any tariffs effective June 1st will be added to the new list prices of Price Book #11. We will continue to provide you with updated information regarding the tariffs and how they will relate to the new Price Book.

Please consult the factory or your ACSI representative for any outstanding quotes. Most jobs will need to have the quotes updated to reflect the product quoted and the current tariff involved for those products. ACSI will continue to monitor the tariff situation and adjust pricing accordingly.

Thank you for your continued loyalty and support. Please contact me or our customer service group with any questions.
