

ARCHITECTURAL
CONTROL SYSTEMS INC.

To: All ACSI Distribution

ACSI is announcing the implementation of Price Book #10 effective January 1, 2024. This will supersede previous price increases to ACSI Price Book #9.

The new Price Book will be incorporated into an updated ACSI Catalog/Price Book making it easier for distributors to get product information and pricing in one document.

Please submit all projects for price protection. Current pricing will be protected until March 1, 2024 for jobs submitted to ACSI. Forward all jobs for price protection to our National Sales Manager Eric Klein.

The updated Catalog/Price Book will be available at www.acsi-inc.com the first week of December.

Thank you for your continued support. Please contact our customer service group with any questions.

Regards,

Mark LeGrand
CEO
